

Shark pattern — color by number

1 = Red 2 = Yellow 3 = Blue 4 = Green 5 = Orange 6 = Purple

This is a vibrant, cartoon-style illustration of an underwater scene, likely intended as a coloring page. The background is white, filled with stylized, swirling waves in various colors (yellow, orange, purple, green, blue, red) and numerous small white bubbles. Five large, friendly-looking sharks are the central focus, each with a different color and pattern: a blue shark with white spots, a purple shark with white stripes, a red shark with white spots, a green shark with white stripes, and an orange shark with white spots. They all have large, smiling mouths showing small teeth. Surrounding the sharks are various other sea creatures: several small, striped fish, a green spotted fish, a blue spotted fish, a yellow spotted fish, and a purple spotted fish. There are also several seashells of different shapes and sizes, starfish, and pieces of coral. The overall style is playful and colorful, with a focus on bright primary and secondary colors.

1 = Red

2 = Yellow

3 = Blue

4 = Green

5 = Orange

6 = Purple
